Dear Ms. Pandey,

Greetings from USIEF!

USIEF is happy to announce the 2023-2024 Fulbright Distinguished Awards in Teaching Program for International Teachers.

The Fulbright DAI is a semester-long non-degree, non-credit, professional development program at a U.S. university. The program will bring approximately 50 international teachers to the U.S. for a semester. For international teachers, the program is open to teachers from Bangladesh, Botswana, Brazil, Finland, Greece, India, Indonesia, Israel, Kenya, Mexico, Morocco, Philippines, Senegal, Singapore, Taiwan, Uganda, and United Kingdom. Up to five teachers from India will participate in the program. Selected international participants will be placed at a U.S. host university School of Education from August 2024 to December 2024. The program will provide with a unique opportunity to develop greater expertise in their subject areas, enhance their teaching skills, increase their knowledge about the United States, and complete an individual or group project. Participants will audit courses in the host university's school or department of education, and thus will be part of the university community. The program will include opportunities to observe and co-teach with U.S. teachers in a U.S. school near the host university, in order to actively engage participants in the U.S. classroom environment. Cultural enrichment, mentoring, and support will be provided throughout the program.
